Frank and Nancy were introduced by a neighbor of hers who had gone to high school with Frank, and the couple was married in February 1948 at the house on Royal Street where Nancy had been living with her mother, Mary Murray Bower. Nancy Linn was their “maid of honor” and both of their mothers were witnesses.

Nancy Linn Banks (Craven), Nancy Manship (Banks) Craven, and Frank Tempest Craven, February 1948.

The newlyweds took a three-day honeymoon in New York City and then moved into the house at Royal Street, while Frank continued to commute to his job at Roebling's in Trenton, NJ, where he worked as a salesman of wire products. The following month, Mary Murray Bower died and the couple remained in the house, while shopping for a new place to live, closer to Frank's workplace, and selling the Royal St. house. In October, they (and Jane Brook Craven, Frank's mother) moved to their newly completed house at 4 (later changed to 6 by the USPS) North Circle, Lower Makefield Township, Bucks Co., PA.

Frank adopted Nancy's daughter, Nancy Linn, and then the couple welcomed two more children to the family: Frank Alfred "Fred" and Mary Melissa. Jane Brook Craven lived with the family, walking or pushing a baby carriage miles a day, making English oatmeal every morning and reading to her grandchildren, until her death in 1955.

It wasn't long before they built an addition on the back of the North Circle house for another bedroom and den.

While working in Trenton, Frank became involved with a business which several other Roebbling employees (Charles Stone, George Engel, Fred Piepenbrinck, Joseph Smith, and Louis Sigafos) had started in 1950, the Stonite Coil Co. ¹ Not named on the Certificate of Incorporation, so therefore not one the founders, Frank nevertheless invested in the company in 1951, was nominated to the Board of Directors in 1952, and was elected Chairman of the Board in 1956. Frank probably never intended it this way, but at his death, the Board of Stonite bought his investment from Nancy for a sum which assured that Fred's and Melissa's educational costs would be covered.

Frank also became a member of the Masons in Trenton in the early 1950's and attended meetings faithfully. Their moral tenets fit his belief system very well, as he continued in adulthood with the same high moral sensibilities described of him when he entered military service.

Frank loved to swim: the family spent two weeks at Wildwood, NJ beaches about 1958, and after trying the private Trenton Country Club and the public Post Road Pool in Morrisville, PA, he and a number of other local men started the Brookside Swim Club ² in 1958, on which Board he or Nancy served for many years. He and Fred began collecting coins in the late 1950's and they attended Indian Guides ³, a YMCA-based father-and-son organization, together.

Nancy was the 1st President of the Makefield Women's Club. She and Frank played Scrabble and contract bridge and had a large circle of friends. In later years, Nancy worked for the Mercer Hospital Auxiliary and the Bucks County Chapter of Planned Parenthood. She was a championship duplicate bridge player, competing regionally and nationally well into her 70's – and winning! At her death, she was just short some national points to earn her "life master" designation.

The family was active in the First Presbyterian Church of Morrisville.

In 1957, the family built a new home at 1323 Moon Drive, 0.3 miles from the 6 North Circle house.

Frank and Nancy traveled to Europe twice, in 1956 for 6 weeks (children stashed with neighbors)....

**Americans tour
two ridings**

An American couple, Mr. and Mrs. Frank Craven, of Yardley, Pennsylvania, set off in a coach with a party of relatives and friends today to tour beauty spots in the West and East Ridings.

Mr. Craven, who is touring Europe with his wife, was born in America. He came to live in the Great Horton area of Bradford for a time as a child in 1921. His parents, the late Mr. and Mrs. Alfred Craven, emigrated from Bradford originally.

The couple return to America on Thursday. This is Mrs. Craven's first trip to England.

... and in 1961: When Roebing's closed down their magnet wire division, Frank made the move to work for Alcoa and was between jobs for three months. This allowed for a second trip to Europe in 1961, with Melissa and Fred (Nancy had married in April of that year). Among other things, both trips allowed for renewal of ties with family in England.

Shortly after the second trip to Europe, Frank was diagnosed and became ill with lung cancer. He was nursed for many months by Ann Miller, daughter of his first cousin Charlie. Ann, who was immigrating to the U.S., lived with our family during that terrible time. Frank died in March 1962.

After Frank's death in March 1962, Nancy continued living on Moon Dr., sewing, knitting, gardening, working for charities, taking the occasional part-time job, and playing Championship Bridge. In 1979, she married a third time, to William Pyle Eckfeldt, the widower of one of her childhood school friends. The couple lived in Villanova, PA. However, in 1987, Nancy moved to the Rosemont Presbyterian Village where she lived the remainder of her years until her death in 1991.

1979, William Pyle Eckfeldt and Nancy Manship Eckfeldt, married in Bryn Mawr, PA.

Frank and Nancy were buried alongside Alfred and Jane Brook Craven in Rock Ledge, PA, north of the city of Philadelphia.

The remains of daughter Nancy Linn (Banks) Craven Henry were interred there in 2016 also.

The children of Frank Tempest and Nancy Manship Craven:

- Nancy Linn Craven married Richard A. Henry;
- Frank Alfred ("Fred") Craven married Jane Ellen Dorrance; and
- Mary Melissa Craven married Thomas L. Fowler.
